Statement by H.E. Maung Wai

Permanent Representative of Myanmar to the United Nations

on the National Report of Indonesia under the UPR

at the Interactive Dialogue of the 13th Session of UPR Working Group

23 May 2012

Madame President,

My Delegation commends the significant progress that Indonesia has achieved in the promotion and protection of human rights, in particular its impressive achievement in uplifting the well-being of its people. We are confident that these tremendous achievements will contribute to the further advancement of human rights in the country, particularly in strengthening the democratic and human rights institutions. We also recognize the constructive role being played by Indonesia in the Human Rights Council.

We commend the efforts being made by ~~the~~ Indonesia in enacting a number of domestic legislations in line with its international commitments. We wish Indonesia further success in the implementation of the Third National Action Plan on Human Rights.

Madame President,

My Delegation would like to contribute to the second cycle of the UPR of Indonesia the following recommendations:

- Continue to combat poverty, giving ~~with~~ due consideration to socio-economic and regional disparities;
- Enhance equal access to social services for all people, paying special attention to the needs of vulnerable communities living in remote regions;
- Further promote the human rights education and training at all levels in partnership with all relevant stakeholders to promote and protect the rights of every person.

I thank you, Madame President.
