Madam President,

Jordan would like to welcome Mr. *Juan Martin fresneda* and the Argentinian delegation to the fourteenth session of the UPR, and to thank them for the interesting presentation of their national report.

Jordan wishes to commend Argentina for its sincere and ongoing efforts to further promote and protect human rights and fundamental freedoms. We are particularly encouraged by the country's foreign policy which focuses, inter alia, on issues such as strengthening the international law, peace and security, democracy and the respect for human rights.

In addition, Argentina's efforts to strengthen the institutional framework are highly appreciated. These efforts included the establishment of new agencies and initiatives in different branches of the Argentinian Government such as the Trafficking Victims Rescue and Assistance Office, and the National Legal Assistance Programme for Persons with Disabilities. We hope that Argentina will continue to render its support to these programmes so that they can discharge their mandates in the most effective manner.

Finally, we wish to make the following recommendation to Argentina, to consider adopting specific legislation to ensure that children with disabilities are included in education and in health systems.

I thank you
