**Lebanon Statement
Sri Lanka UPR Review
14th session-October 2012**

Ambassador Najla Riachi Assaker

Thank You Mrs President,

The delegation of Lebanon warmly welcomes the delegation of Sri Lanka headed by His Excellency ... *Special Envoy of H.E. the President of Sri Lanka*

We commend the extensive efforts the Sri Lankan government deployed in developing the national action plan to address human rights issues in the country in an inclusive and consultative manner.

We note in particular the commitment shown by the Sri Lankan government to safeguard the human rights of those affected by the internal conflicts that have torn apart the country for the last decades. We recommend the government to pursue the process of reconciliation and to consolidate the peace-building measures they have embarked on since the end of the conflict.

Thank you
