Statement by Armenia

Armenia welcomes the distinguished representatives of Montenegro and thanks them for presentation of their national report. We commend the progress Montenegro made after the first cycle of UPR and its commitment to promotion and protection of human rights in the country.

Armenia notes the adoption of the recent Anti-discrimination law based on the constitutional prohibition of discrimination in order to raise awareness in the field of human rights and it's mechanisms among the population.

In regards to minorities, we are aware of recent amendments in the Law on Minority Rights and Freedoms in order to ensure their full protection.

We also welcome the Government's efforts to protect and promote the rights of children and especially children with disabilities.

Armenia recommends to Montenegro:

- to promote the rights of children in conformity with the recommendations of the Committee on the Rights of the Child.
