**Mr. President,**

My delegation has taken note of the national report as well as the update information delivered by the distinguished delegation of Romania.

**Mr. President,**

While sharing the some concerns which have been raised in the report prepared by OHCHR on the violation of human rights by the government, my delegation would like to make the following recommendations to Romania :

- 1- Take necessary measures to the effective implementation of the United Nations Convention on the Rights of Persons with Disabilities, with due regard to the disabled children experienced discrimination in accessing mainstream education.
- 2- Take legal measures to guarantee the effective protection of sale of children, contemporary forms of slavery and forced labour.
- 3- Take further measures to decrees serious challenges in access to justice by victims of domestic violence and human trafficking.
- 4- Take legal measures to increase the annual budget allocations for health section in order to provide for quality healthcare as well as adequate education, training and salaries for medical and paramedical staff.
- 5- Take effective measure to implement the National Strategy for the protection and promotion of children's rights (2008-2013).
- 6- Developing a high-priority action plan to raise public awareness on all the forms of discrimination and ill-treatment with children.

Thank you .
