

UPR 15th SESSION
COUNTRY UNDER REVIEW: ROMANIA
Intervention by Turkey

Thank you Mr. President,

We warmly welcome _____ and his/her delegation and would like to thank the Romanian Government for the detailed national report and the Delegation for their successful presentation.

We would like to commend Romania's commitment to the ongoing institutional and judicial reform process. Especially the judicial campaign to introduce four new codes, namely the new Civil Code and the Civil Procedure, Criminal and Criminal Procedure Codes to be enacted are worth mentioning. We recommend the Romanian Government to continue with the implementation of this set of codes which will ease the jurisdiction procedures.

Moreover, Romania's National Anticorruption Strategy comprising the period 2012-2015 and its being re-adopted by subsequent Romanian Governments is worth mentioning as Romania's determination to sincerely reflect on the corruption issue. In this regard, full implementation of the mentioned strategy will be crucial as well.

Bearing in mind Romania's sincere cooperation with treaty bodies, we would like to recommend Romania to carry on with legislative and administrative arrangements suggested by the said bodies, in order to further improve effective implementation of the Government's anti-discrimination strategy.

I thank you Mr. President.
