Thank you Mr. President,

Bahrain wishes to welcome the delegation of Cuba to this working group. We commend their thorough and well prepared national report and presentation today.

We note positively the achievements made by Cuba since their first review and their continued progress to achieve the broadest possible enjoyment of all human rights and fundamental freedoms by all.

In that regard, my delegation would like to present the following **recommendations:**

- 1- To maintain updating the economic model, as a way to preserve the gains achieved by the Cuban people and to continue developing the broad potentials of Cuba and its human resources;**
- 2- To maintain and strengthen measures to enhance the promotion and protection of human rights;**
- 3- And finally, to keep raising the quality of public health in the country, as a permanent priority.**

In conclusion, we encourage the Cuban Government to continue efforts towards the progress and development of the Cuban society.

Thank you Mr. President.
