

Statement by the delegation of Afghanistan

2nd Cycle of UPR, Jordan

Mr. President,

My delegation welcomes the high level delegation of Jordan, and appreciates the comprehensive presentation of their national report.

We take note of the government's efforts to implement the recommendations it has accepted during the first cycle of UPR, we also recognize its cooperation with the International Human Rights bodies and Mechanisms.

We take note of a number of National Strategies it has launched to support civil, economic social and cultural rights of its people, such as National employment Strategy, National Political Development Strategy and National Strategy for Person with disabilities.

My delegation is encouraged by the efforts undertaken by the government of Jordan in regards to the rights and empowerment of women, children's rights, and alignment of its national legislations with the international standards.

Mr. President,

We recommend the government of Jordan to continue to conduct outreach activities to raise the awareness of people on human rights , and wish the people and government of Jordan all the best as they continue to enhance their efforts in the promotion and protection of Human Rights.

Thank you,
