UPR of MALAYSIA

Mr. President,

Slovenia thanks the delegation of Malaysia for the report and appreciates its commitment to the UPR process.

Slovenia commends Malaysia for ratifying the Convention on the Rights of Persons with Disabilities (2010), acceding to two Optional Protocols to the Convention on the Rights of the Child, and removal of some of its reservations to key human rights instruments, notably to the Convention on the Elimination of All Forms of Discrimination against Women (CEDAW) and to CRC.

We welcome the progress made in legislation protecting and promoting the rights of the child, including lifting reservations to Article 1 of the Convention on the Rights of the Child. In this regard, Slovenia would like to **recommend** to Malaysia that the rest of its reservations to the Convention on the Rights of the Child be withdrawn, the national legislation be adapted accordingly and those national laws where the definition of the child is not consistent with the definition of the child under article 1 of the Convention be reviewed.

Slovenia would also like to **recommend** to Malaysia that the International Covenant on Civil and Political Rights (ICCPR) be ratified without further delay and all provisions be integrated into domestic legislation.

Thank you.
