---

Thank you Mr. President,

Malaysia welcomes the delegation of Monaco, led by His Excellency \_\_\_\_\_ We thank the delegation for their presentation of the national report.

2. My delegation takes note with appreciation the progress made by Monaco since its first UPR review in 2009. We are pleased with Monaco's serious efforts in reviewing and adopting various legislation related to criminal procedure, nationality law, specific forms of violence and crimes and offences against children, which would further enhance the promotion and protection of the human rights of its people.

3. We are also pleased to note Monaco's commitment to work towards combating poverty, providing quality education, promoting and protecting the rights of women and children from violence and improving the living conditions for persons with disabilities. We would appreciate it if the delegation could share with us some best practices that Monaco has undertaken in further promoting the rights of persons with disabilities, particularly in the areas of education.

4. Finally my delegation would like to recommend for Monaco to redouble its efforts in providing and facilitating better access, for all, in exercising their right to health and right to education.

I thank you.
