19th Session of the UPR Working Group
Review of Brunei Darussalam

Statement by Afghanistan
2nd May 2014

My delegation welcomes the high level delegation of Brunei Darussalam and appreciates the comprehensive presentation of their national report which highlights the progress of human rights in the country.

Mr. President,

As children are shaping the future of a nation therefore they need to be involved in various development programs. We note with satisfaction that the government of Brunei Darussalam by undertaking various initiatives such as, public awareness campaigns, and programs on probation and community services for children offenders, strive to carry out its functions in this regard. We commend Brunei Darussalam for withdrawal of its reservation to the convention of the rights of children.

Mr. President,

While, wishing a successful UPR review to the esteemed delegation of Brunei Darussalam, in conclusion my delegation would like to recommend the country to step up its efforts in the promotion and protection of the rights of children, including continuing its measures in combating violence against children.

Thank you,

Atiqullah Murad
