Mr. President,

I would like to welcome the delegation of Qatar and thank them for the comprehensive and informative report.

Mr. President,

We commend Qatar's commitment to the promotion and protection of human rights through numerous legislative, legal and administrative measures in a context of integrated social development.

We take note of the special attention paid to improve the situation of women, children and persons with disabilities by adapting policies and training programmes, as well as establishing a unit that deals with the rights of children, women and persons with disabilities.

We also note with interest that Qatar has continued its efforts to strengthen the family and family values and has taken numerous steps and measures for consolidation of the family and its essential role in the community.

Mr. President,

My delegation would like to make the following recommendations for the consideration of Qatar:

- To continue efforts in the field of legislative and institutional developments.
- To continue its endeavor to promote and protect the rights of children and women.

I thank you, Mr. President.
