**Universal Periodical Review  
Session 19  
Examination of Qatar  
Intervention of the Romanian delegation**

Thank you Mr. President,

Romania welcomes the presence of the distinguished Qatari delegation in the UPR process.

We acknowledge the evolutions in the country since the last examination. We express the hope that the Qatari authorities will continue the necessary measures in order to ensure the promotion and protection of all fundamental rights and freedoms for all citizens.

We have one recommendation and one question for the delegation from Qatar:

To continue its efforts to enhance women's role in society and their effective involvement in the development process, as well as enabling women participation in economic, political, social and business activities in the country.

What efforts are made to revise Education laws to further protect and ensure the right to education for all in accordance with Qatar National Vision 2030 and the National Development Strategy 2011-2016 ?

I thank you

Albert Robu
