UPR of ANGOLA

Mr. President,

Slovenia welcomes the distinguished delegation of Angola to the UPR Working Group and thanks them for their presentation today.

We welcome Angola's ratification of the CRPD and its optional protocol, the adoption of National Policy for Gender Equality and Equity, the Law on domestic violence and the National programme to support women in rural areas.

Slovenia would like to make the following **recommendations** to Angola:

1. to consider establishing a National human rights institution and committing to full integration of gender perspective in all efforts vested in the implementation of the Millennium development goals.
2. to consider without delay to adopt a new legislation on free birth registration.
3. to amend its legislation to protect freedom of expression, including freedom of press.
4. to consider the ratification and full alignment of national legislation with the Rome Statue, including by incorporating provisions to cooperate promptly and fully with the ICC and to investigate and prosecute genocide, crimes against humanity, war crimes effectively before its national courts, and accede to the Agreement and privileges and Immunities of the Court (APIC).

Thank you.
