

**UPR-Egypt**

Armenia welcomes the delegation of Egypt and thanks for the presentation of the national report. We welcome legislative and administrative measure directed towards the protection and promotion of human rights in the country, particularly the adoption of the new constitution in 2014.

Armenia also welcomes the efforts to promote dialogue among religions and to spread tolerance and understanding. In this regard we note with appreciation that Armenians in Egypt are fully integrated into the Egyptian society and are able to exercise their cultural and religious rights.

Armenia appreciates the steps undertaken for the promotion of children's rights, particularly protecting children from all forms of violence, abuse, mistreatment and commercial and sexual exploitation, as well as laws providing for the promotion of their social, educational, health and cultural rights.

Armenia also appreciates Egypt's commitment to promote the right to education in the country, inter alia, through the development of various education programs, as well as the inclusion of human rights in such programs and trainings.

Armenia recommends that Egypt

- 1) Continues the promotion and protection of children's rights, and
- 2) Further expands human rights education and training programs in the country.
