The commitment and positive engagement of Italy to the UPR process is commendable. We express our satisfaction that Italy implemented (74) out of (78) of the accepted recommendations. In particular the education and training on human rights and the adoption of a national plan of actions against xenophobia, and the fight against trafficking in persons. In this regard, the Sudan commends the active participation of Italy in the workshop, on trafficking in persons held in Sudan between 13 and 16 October 2014 under the umbrella of the African Union.

**Mr. President,**

Sudan expresses its great concern regarding the inhuman situation in the Reception Center, and urges the government of Italy to take all the necessary measures to insure the respect of human rights of migrants.

Sudan would like to make the following recommendations:

1. Improve the facilitation in the reception center.
2. Continue its efforts regarding the combat of the phenomenon of trafficking in persons.

**Thank you, Mr. President.**
