Date: 28th January 2015**Djibouti Statement**

The Republic of Djibouti commends the establishment of numerous national mechanisms for the promotion and protection of human rights, in particular to cite only a few: the National assembly's committee for the defense of human rights, the Public Anti-Corruption Authority and Domestic Workers' Shelter Care.

We also applaud the government's efforts aimed at disseminating and raising awareness about the promotion and protection of human rights in the country.

We would further wish to suggest the following recommendations to the brotherly state of Kuwait:

- 1) To establish a centralized mechanism to prevent and combat trafficking in persons
- 2) To ensure that industrial companies implement International and National Environmental and Health standards.
