

Human Rights Council- 21TH Session of Universal Periodic Review UPR
Statement of the Republic of South Sudan of UPR of the State of
Kuwait, 28th January

Mr. President,

South Sudan warmly welcomes the delegation of the State of Kuwait to the second cycle UPR Working Group.

We note with satisfaction Kuwait has implemented most of the recommendations of the first cycle.

The steady increase of participation of Kuwait women in labor market in both public and private sector, and the measures taken by the Kuwaiti government to empower women by enacting laws to protect the rights of women are commendable.

We commend Kuwait extend more care to persons with disabilities by providing them financial support and all forms of vital services.

We applaud the role of Kuwait Fund for Economic Development for providing official development assistance to the developing countries and commend the tremendous contribution of KFAED in financing vital projects in African countries through loans and technical assistance.

In conclusion, my delegation recommends the following to Kuwait delegation.

1. To continue exerting its more efforts to develop law on combating trafficking in persons and smuggling of migrants.
