Statement by Pakistan

UPR of the United States of America

11 May 2015

We have serious concerns about the human rights situation in the US and make the following recommendations:

1) Use armed drones in line with existing international legal regimes and pay compensation to all innocent victims without discrimination.

2) End police brutality against African Americans and rectify the judicial as well as socio-economic systems that systematically discriminate against them.

3) End illegal detentions in Guantanamo Bay or bring the detainees to trial immediately.

4) Prosecute all CIA operatives that have been held responsible for torture by the US Senate Select Committee on Intelligence.

5) Respect the privacy of individuals outside the US in the context of digital communications and data.

6) Combat racial profiling and Islamophobia on a non-discriminatory basis applicable to all religious groups.

7) Respond to the suggestion made by the UN Special Rapporteur in paragraph 69 (n) of doc A/68/284 regarding cases of Alaska, Hawai and Dakotas.
