H. E. Ambassador SO Se Pyang

Statement by the DPRK Delegation on the UPR of the USA

(11 May 2015)

Mr. President,

We are gravely concerned at the US violations of human rights and recommend:

- 1) to investigate the CIA torture crimes, which stirred up indignation and denunciation among people, to disclose all information and to allow investigation by international community in this regard,
- 2) to take legal and administrative measures to address civilian killings by the US military troops during and after its invasion of Afghanistan and Iraq by bringing perpetrators to justice and remedying the victims,
- 3) to put an end to all US military presence in foreign territories, which is the root cause of human rights abuses, including homicide and rape,
- 4) to take measures to put an end to police abuses, including the merciless killing of coloured people, and all racial discrimination and
- 5) to unconditionally abolish its extraterritorial legislation on human rights and related matters, including the "North Korea Human Rights Act", as these legislation represent flagrant breach of their sovereignty and insulting violation of the dignity and the rights of their peoples.

Thank you, Mr. President.
