

**Statement by the Delegation of the Republic of Indonesia  
at the 23<sup>rd</sup> Session of the Working Group on the Universal Periodic Review  
Consideration of the National Report of Georgia  
Geneva, 10 November 2015**

Mr. President,

My delegation would like to welcome the delegation of Georgia lead by the Deputy Minister of Foreign Affairs of Georgia and thank them for the report. We noted the fact that the report contains various measures taken by the Government in the promotion and protection of human rights based on the recommendations from the first UPR cycle.

Mr. President,

We welcome the adoption of the National Strategy for the Protection of Human Rights of Georgia 2014-2020 as well as the Action Plan 2014-2015 deriving from the Strategy. As a country which has already formulate similar national human rights action plan, Indonesia always believes that Action Plan adopted by the Government of Georgia will serve as a comprehensive document which encompasses the policy carried out in the field of human rights. In this regard, **we recommend the Government to take all measures in further implementing this Action Plan, in particular by allocating sufficient funding from its national budget.**

Our delegations is of the view that the rights of migrant workers should be one of the priority of the international community due to its direct relation to the development of the economic condition both in the sending countries as well as the country of destination. In this regard, **we therefore recommend Georgia to consider ratifying the International Convention on the Protection of the Rights of Migrant Workers and Members of Their Families.**

Mr. President,

In conclusion Indonesia wishes the People and Government of Georgia all the best in their ongoing and future endeavors in the promotion and protection of human rights in their country.

I thank you.
