

24th Session of the Working Group for UPR
Interactive Dialogue on Report of **Denmark**

Thank you Mr. President,

The Republic of Serbia would like to welcome the distinguished delegation of Denmark and to thank it for the presentation of its second UPR report.

We acknowledge all achievements in the field of promotion and protection of human rights in Denmark since the first UPR review.

We particularly welcome the information on the introduced school reforms aimed at reducing the significance of social background on academic results, strengthening pupil's well-being and reducing bullying. In this regard, we would appreciate if the delegation could share Denmark experiences on anti-bullying strategies in schools and best practices for dealing with violence among the school children, in real but also in an online environment.

We commend Denmark for its efforts to eliminate discrimination against marginalized groups. We particularly welcome measures for combating discrimination, sexism, stereotypes and harassment based on gender expression. However, in order to close the protection gaps and to effectively combat intersecting forms of discrimination, we recommend Denmark **to consider enacting comprehensive equality legislation that will provide effective remedies and address discrimination on all grounds.**

We wish Denmark success in implementing the recommendations of its second cycle.
