

Italian intervention

**UPR – Singapore
27 January 2015**

Thank you, Mr. President.

We welcome the distinguished delegation of Singapore, and thank them for their national report and their presentation today.

Italy welcomes the progress achieved by Singapore since the first cycle of the UPR. We commend the Authorities for the measures taken to strengthen social protection and for the investments aimed at improving the quality of education, healthcare and housing. We also praise Singapore's commitment to advancing the rights of women and the attention devoted to the situation of elderly people.

Italy would like to make the following three **recommendations**:

1. Establish a moratorium of capital executions with a view to fully abolish the death penalty.
2. Enhance efforts to promote gender equality and combat all forms of discrimination and violence against women and girls.
3. Review existing legislation in order to enhance the exercise of the right to freedom of expression, association and peaceful assembly.

We wish Singapore a successful review.

Thank you.
