**25th Session of the UPR Working Group
Recommendations by Mongolia to the United Republic of Tanzania
Geneva, 9 May 2016**

Thank you Mr. President,

Mongolia warmly welcomes the delegation of the United Republic of Tanzania to the UPR Working Group. We wish to congratulate Tanzania for the comprehensive national report prepared in close consultation with the civil society.

We acknowledge Tanzania's commitment and efforts to strengthen the promotion and protection of human rights over the reporting period, including the launch of the National Human Rights Action Plan and concrete measures undertaken to strengthen the capacity of the National Human Rights Institution.

However, there are still challenges that need further attention and efforts. In this regard, we would like encourage the Government of Tanzania to undertake further measures to promote and protect human rights, especially those of women, children and persons with disabilities.

Also, we would like to recommend Tanzania to consider taking steps towards the abolishment of death penalty and ratifying the Convention against Torture and Other Cruel, Inhuman and Degrading Treatment or Punishment, as well as to intensify its efforts to implement the recommendations made at the First UPR Review Process, including ratifying the Convention for the Protection of All Persons from Enforced Disappearance.

Thank you.
